QI. Read the passage given below carefully and answer the following questions:

Maya loved visiting her grandmother's house. It was a small cottage with a beautiful garden full of colourful flowers. Every weekend, Maya and her grandmother would pick fresh flowers and arrange them in vases around the house. One Saturday, while they were in the garden, Maya noticed a bird's nest on a tree branch. She saw three tiny eggs inside. (Para 1)

Maya asked her grandmother, "What kind of bird laid these eggs?" Her grandmother explained that they were robin eggs and that soon, baby robins would hatch. Maya was excited and wanted to come back to see the baby birds. She promised to visit the nest every weekend. (Para 2)

Over the next few weeks, Maya watched the eggs carefully. One day, she saw the eggs start to crack. She was thrilled when three tiny chicks emerged from the eggs. They were small and fluffy.
